

OUTSTANDING INDEBTEDNESS OF ARKANSAS PUBLIC SCHOOLS FISCAL YEAR 1999-2000

Linked to this page is the Outstanding Indebtedness of Arkansas Public Schools data compiled by the Loans and Bonds Department for fiscal year 1999-2000.

As of June 30, 2000, Arkansas school districts and educational cooperatives had outstanding loans and bonded indebtedness of \$1,229,043,070 -- an increase of \$107,096,406 over the previous year.

Local school districts are limited to total indebtedness equal to 27% of their total property assessed valuation. The State Board of Education may increase the limitation to 30% of total property assessed valuation if the Board determines that the "school district is unable, due to unexpected, unforeseen, or extreme hardship, to finance needed school facilities." (Ark. Code Ann. § 6-20-1202)

Post-dated warrants, lease purchase agreements, and installment contracts must be registered with the State Board of Education and "shall be a part of the total debt of the district." (Ark. Code Ann. §§ 6-20-402(b)(1)(B) and 6-20-402(b)(3))

In the 1999-2000 school year, Arkansas had 310 local school districts. Of these, 135 districts had total indebtedness ranging from .1% to 5% of total assessed valuation; 112 districts had total indebtedness ranging from 5.1% to 10% of total assessed valuation; 41 districts had total indebtedness ranging from 10.1% to 15% of total assessed valuation; 7 districts had total indebtedness ranging from 15.1% to 20% of total assessed valuation; 10 districts had total indebtedness over 20.1%; and 5 school districts had no indebtedness.

The arithmetic average total millage rate among Arkansas school districts was 32.21 mills.
