

PARENTING CURRICULUM

TITLE: *MAKING CHILDREN MIND WITHOUT LOSING YOURS*

AUTHOR: Dr. Kevin Leman

DESCRIPTION:

A Christian based parenting curriculum consisting of six (25 minute VHS tapes or DVD) lessons by Dr. Leman serve as the primary teaching foundation of the study. They also lay the groundwork for the interactive workbook lessons that participants work through after watching the video presentation. A Leader's Guide is included also.

TARGET AUDIENCE:

Designed for all parents who would like basic parenting skill training and who genuinely want what is best for their children. In addition to the Christian based curriculum, there is a format suitable for use in schools that does not contain scripture references.

PRESENTATION SCHEDULE [Time and Format]:

Each session can be taught in an hour but would probably be more productive in a ninety-minute format.

NECESSARY TRAINING:

No formal training is necessary as all materials are inclusive.

IF YOU HAVE TAUGHT IT

STRENGTHS: Dr. Leman is very easy to listen to, down to earth and basic in his teaching approach. The parent workbook is simple and easy to follow. The facilitator guide follows an identical format, with added skill suggestions and answers for materials in the parent workbook.

WEAKNESSES: You will find some principles that you may question (i.e. locking a child in his/her room for time out!). There are no vignettes to depict the skills presented.

ADDITIONAL INFORMATION (i.e. Publisher, Company, Cost)

Cost of the Kit: \$229.95. Additional workbooks: \$8, 2 free workbooks provided with purchase of kit+10, 3 with kit+20.
